

INSPIRE+ NZ ARTISAN AWARDS

Celebrating the very best in the
New Zealand F&B Industry

It's that time of year again as we update the search for the best artisanal producers in New Zealand. We believe that artisanal products are a methodology and not a size of business, so if you are a large or small manufacturer, produce your product in a small kitchen or a large industrial unit, it's time to look at entering the Inspire+ New Zealand Artisan Awards.

3

Wait for acknowledgement of receipt of your entry, then check the email for product delivery instructions. No product will be returned.

Please note that delivery due dates are time critical and product must be received prior to the closing deadline. Products that are late may be excluded from judging.

PRODUCT REQUIREMENTS

All non-ambient food products are to be delivered via a suitable and appropriate food transport vehicle. Food products that require temperature control must be delivered in a vehicle that maintains the temperature in accordance with manufacturers' specifications.

Entrants are required to submit three samples of each variant of their product entry. Additional product may be required should judging for the Supreme Award require it. Entrants will be notified with ten working days notice to deliver additional product. Unopened surplus products within their use by date or best before date may be given to charities that facilitate the same and timely distribution of food to people in need.

Award winning producers may be requested to provide additional products for photography.

JUDGING CRITERIA

Entrants should respond in detail, providing facts, figures, survey results, customer feedback and any other corroborating evidence where possible. The judges will assign a score out of 10 for each criterion.

Judging panel is made up with industry experts and chaired by SupermarketNews F&B Editor.

1. Degree of innovation

In what way does your product represent an advance or improvement on what has gone before? Is it a breakthrough? Is it a fresh concept? How is it artisanal?

2. Fit for Purpose

How well does your product fulfil its purpose? What are the results from its use? How does it improve the end-user experience?

3. Visual appeal and Taste

How well does your product appeal to the end user's senses? Is it attractive and well presented? Does it taste better than similar products?

4. Value

How does your product represent value for the user? How does the price compare to other similar products?

5. Shelf-life and storage

How well has your product performed in the marketplace?

6. Relevance and Packaging

Innovation. Sustainable Design

7. Distribution and availability

What distribution channels already exist for your product? What systems do you have in place to meet demand?
